

RADIUM BROMATUM

Radium bromide RaBr_2

Riodermatitis, pruritus of elderly patients, indurated scars

Arthritic pains, post-influenza asthenia

Dermatology: Generalized pruritus with burning sensation.

Aggravation:

- Pruritus is aggravated by hot baths.
- Rheumatic pains are aggravated at the beginning of movement but markedly improved by continued movement like *Rhus toxicodendron*.

Improvement:

- Pruritus is improved by scratching;
- Hot baths improve the rheumatic pains.
